

SAINT JOSEPH NOTRE DAME HIGH SCHOOL

**Pilot Recognition Program
October 2009**

Congratulations to the following students for being selected to be in the group of students chosen in the Pilot Recognition Program for the month of October. They will have their pictures and stories printed in the Parent Pilot and receive a “Front of the Line” lunch pass good for the month of November.

**Grade 9 Matthew Republicano
 Nominated by Ms. Henderson**

Matt is in my Drama 1 class. He has volunteered for every question, project, and opportunity for service. I appreciate his ready cheerful face! His attitude rocks!!

**Grade 10 Dolores Walton
 Nominated by Mr. McKee**

Sophomore Dolores Walton, in Art I, is not only a very talented artist, but a dedicated student. She transferred to SJND a month into the school year and has been extremely responsible for making up missed work, doing so with care and ability.

**Grade 11 Evander Woods
 Nominated by Ms. Henderson**

Evander is wonderful in class, strolling the hall, and just being himself. He is helpful, respectful, and committed to his work. I can always count on him!

**Grade 12 Ira Juntilla
 Nominated by Mrs. Kuznik**

I would like to nominate one of the most dedicated and hard working students on this campus, Ira Juntilla. When I tackled the process of collaboration, I was hopeful the office would have an IWE who could help me with the process. Ira is that person. As soon as the forms arrive, he gets the process started without needing my direction or supervision. If there are many tasks for the day, he will stay into the lunch period to finish preparing the collaboration forms for me. Best of all, he can now do all of this independently. This is a very well deserved honor – Ira is the unsung hero of the successes with collaboration. We are really lucky to have him assigned to the office during 2nd period.
