

Student Accident Insurance is Now More Important Than Ever!

School Year
2018-2019

Dear Parent:

Along with providing a quality Catholic education, your school does its best to protect your child from injuries. Even so, **accidents happen**. Should your child get hurt during School Activities, your school provides insurance to help with the cost of medical treatment not covered by other insurance or health coverage your child may have. This **School-Time Accident** insurance is designed to cover many, but not all, of the possible costs. Details regarding this insurance are described within. PLEASE READ CAREFULLY!

This brochure also offers a number of optional plans designed to further reduce your out-of-pocket expenses due to school-related injuries. These plans protect your child 24/7, may be used on a stand-alone basis or as a low cost supplement to help cover the high deductible and co-pay features so common to many other plans today.

These optional plans include a **24/7 Full-Time Accident Plan**, the pay-as-you-go **Student Accident & Sickness Plan** (\$50 deductible and provides the broadest level of coverage), a **Dental Accident Plan** (only \$12 for the entire school year) and a **Pharmacy Smart Card** available for the entire family.

If you have any questions, please call Myers-Stevens & Toohey at 800-827-4695.

NO! Accident-only rates are one-time charges for the entire School Year.

If my child has a covered injury or sickness, will benefits for that same injury or sickness be extended if he/she re-enrolls next year?

Once maximum benefits have been paid or the benefit period ends (generally, one year) no further benefits for that injury or sickness will be made. The *Dental Accident Plan* is the only exception. See this brochure for details.

Definitions

An **Accident** is defined as a sudden, unexpected and unintended incident. **Covered Accident** means an Accident that results in Injury or loss covered by this Policy. An Injury is defined as accidental bodily harm sustained by the Covered Person that results directly from an Accident (independently of all other causes) and occurs while coverage under the Policy is in force. **Medically Necessary** is defined as the services or supplies provided by a Hospital, Physician, or other provider that are required to identify or treat an Injury or Sickness and which, as determined by the Company, are: (1) consistent with the symptoms or diagnosis and Treatment of the Injury or Sickness; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Insured Person; (4) the most appropriate supply or level of service which can be safely provided. When applied to the care of an Inpatient, it further means that the Insured Person's medical symptoms or condition requires that the services cannot be safely provided as an Outpatient. **Sickness** defined as illness or disease contracted by and causing loss to the Insured Person whose Sickness is the basis of claim. Any complications or any condition arising out of a Sickness for which the Insured Person is being treated or has received Treatment will be considered as part of the original Sickness. **School Activities** means any activity that is sponsored and under the direct, immediate supervision of the School that: (a) the School requires the Insured Person to attend; or (b) is under the sole control and supervision of School authorities. It does not include an activity related to athletics or cheerleading that is under joint sponsorship or supervision arrangement with any non-School group. **Concussion** means a mild form of traumatic brain injury caused by a bump or blow to the head or body that jostles the brain and results in the temporary impairment of brain function (such as loss of consciousness, disturbance of vision or sense of balance) and diagnosed by a Physician practicing within the scope of his or her license.

Non-Duplication of Benefits (Excess Provision)

In order to keep premiums as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these plans and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount. (In Arizona: Does not apply to the Sickness-Only coverage under the Student Accident & Sickness Plan.)

IMPORTANT: Applicable to School-Time Accident Coverage Only- If the Insured Person is covered by an HMO plan, and seeks Treatment (other than emergency care) from providers not authorized by that plan, we will pay 50% of the amount for such charges that we would otherwise pay if the Insured did not have such HMO coverage.

IMPORTANT NOTICE: This Plan provides short-term limited duration sickness benefits. It does not constitute comprehensive health insurance coverage (often referred to as "major medical coverage") and does not satisfy a person's individual obligation to secure the requirement of minimum essential coverage under the Affordable Care Act (ACA). For more information about the ACA, please refer to www.HealthCare.gov.
